'The Landmark sponsors Children's Painting contest at the Ton Duc Thang Museum'

Every year the Ton Duc Thang Museum organizes a painting contest for the children in HCM City with as topic "Children with Ton Duc Thang President". Through the paintings the children want to show their wishes and hopes for their future, and demonstrate their courage in overcoming their fate and express their aspirations to integrate into society.

For the last 7 years The Landmark has supported this painting contest by means of donating money to buy their drawing tools and help them with organizing the event.

For the first time this year, The Landmark was chosen to pick one of the winners of the event. On the prize giving ceremony, Ms. Bee handed out the price to the lucky winner!
